

The World of Wet Pets' Giant Sale is Coming!

The World of Wet Pets' Newsletter

November 2009

Don't worry, we can't believe it's November either!

The World of Wet Pets' 4th Annual Weekend-After-Thanksgiving-Giant-Sale-on-Everything Sale is only a few weeks away. If you haven't experienced this sale before, it is a golden opportunity to stretch your dollar even farther when the best prices on the best products and livestock get even better for 3 days.

As always we will be discounting everything in the store. If you've been waiting to make an upgrade or get something special, this will be your chance to pick it up at as much as 20% off. Those of you who have been in during this anniversary sale know what happens and many of you are already asking about products, planning, and in some cases even requesting that we have specific items in stock! We will do our best.

In addition this year we will have Gary, a representative from Hagen, in the store. Hagen makes the Fluval brand and the gorgeous Fluval Edge aquariums that we have been telling you about and displaying in the store. Don't worry, we will be stocking up on the Edge tanks in all 3 colors. In addition, we are hopeful that Gary will be able to demo one of the most exciting products in fish keeping to come along in some time. The Fluval G Series canister filters are scheduled to arrive any day now. We can't wait!

Not only is this a Giant Sale but there will be some very nice door prizes and a raffle, not to mention a bunch of new fish to see.

If you have been interested in upgrading an existing tank or starting a planted aquarium or a saltwater aquarium, there will never be a better time to start. See you there. November 27, 28, and 29—regular hours.

Visit us at 8542 SW Apple Way, Portland Oregon 97225. We are online at www.worldofwetpets.com and our telephone number is 503-292-7946.
